

ZOGGS®

Clam dive & hunt

- You'll need the 'Clam Dive & Hunt' and 1-2 players for this game.
- Separate the clams and throw them in to the pool. Let them sink randomly to the bottom, then in turn race against the clock to retrieve and put the 2 halves of each clam together.
- The player to come back to the edge with the correct halves matched in the quickest time wins.
- Single player variation: try to match as many clams together in one breath as you can.
